

## Daimus, VALENCIA

Beach Front Villa - Daimuz - OCVL532000 Well, you can't really get any closer to the beach than this property! Accessed by a beautiful flower lined driveway the double doors open onto the large plot with off street parking and a garage. The garden is part lawn, part terrace at the front and there are two further areas behind the property. There is a door to the beach which leads directly on to the white sand! Inside the property is quite quirky and has been built round the turret shape, so the conservatory entrance is rounded, the dining room/ lounge is round and the 1st double bedroom is in the turret offering views down the beach. There is AC in this part of the property. The rest of the house offers 2 shower rooms, 2 further doubles & a single bedroom. The kitchen has a back door to the outside terraces, BBQ & covered dining area. These don't come up very often, and although the property would benefit from a little modernisation, it is in a great location for the beach and close to Gandia.

### BASE INFORMATION:

Bed : 4  
Bath : 2
