

## Altea, ALICANTE

This project consists of 11 luxury villas with an exclusive design. The villas consist of 3 floors, with 4 bedrooms and 5 bathrooms, a spacious living room with fireplace, high ceilings and large windows that provide them with a lot of natural light and give character to the villas. The open kitchen is very modern and is fully fitted. It also has an apartment for guests, a gym, a games room and a special wine cellar. The entire villa has central air conditioning (Hot and cold), underfloor heating in all bathrooms and alarm installation. These exclusive villas have spacious and sunny terraces from where you can enjoy the beautiful panoramic sea views. Outside, there is also a private infinity pool with counter flow effect and a Jacuzzi. The villas also include a garage for 2 cars. In the common areas, there are beautiful landscaped gardens, video surveillance, and concierge services. This residential area is 4 km from the beach, next to a golf course and a tennis court.
